

# 300 Series Bollard

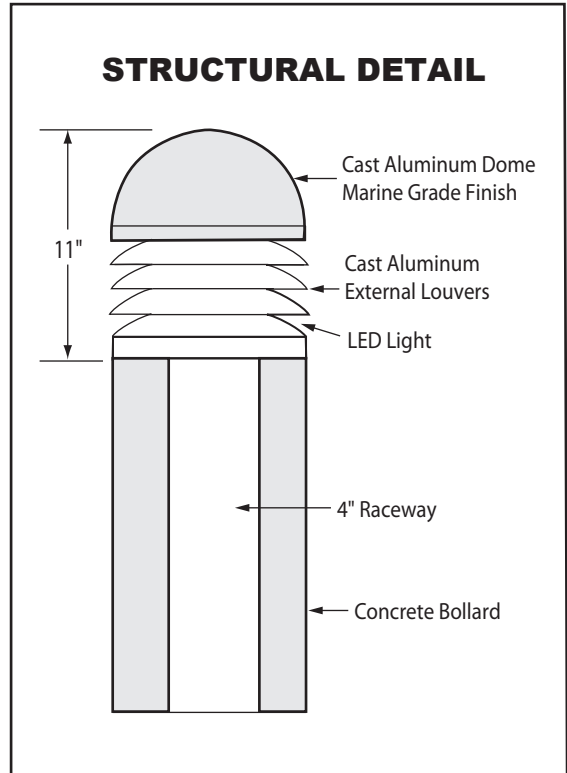

Round concrete bollard with cast aluminum dome, louvers, and LED light.

Bollard has 8" diameter and available as an anchor base or direct burial mounting type.

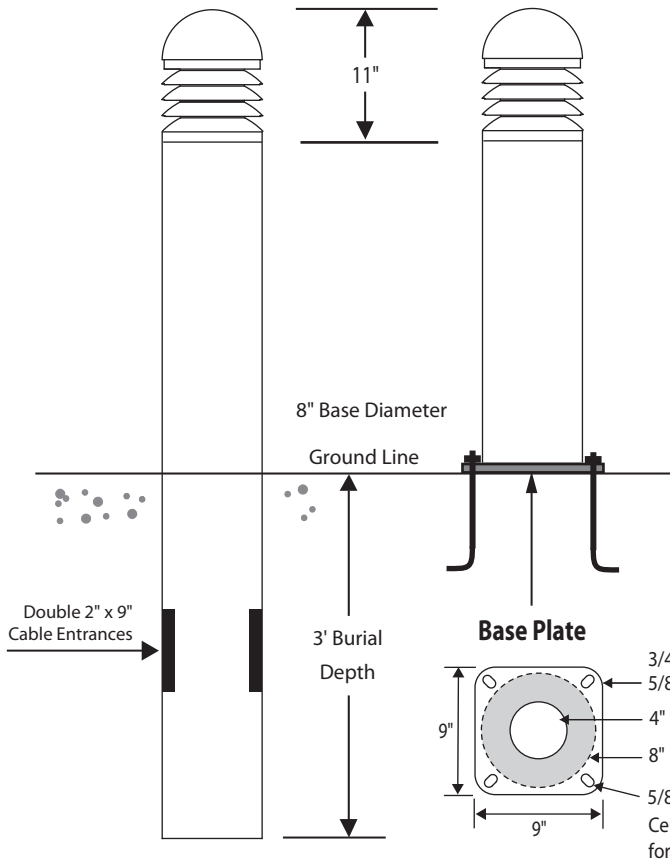

LED light is available with amber turtle-friendly light. If choosing an amber turtle-friendly light, a shield will block light 180° or 270° around the bollard, while the turtle-friendly light shines through the remaining 90° or 180°.

Inquire for details on all available options.
